PROFESSIONAL SUMMARY

A passionate **Frontend Developer** with 4 + years of hands on experience creating intuitive, user-centric web applications. Proficient in **HTML**, **CSS**, **JavaScript**, and frameworks like **React** and **Redux**, specializing in building responsive and visually appealing user interfaces over cloud. Emphasizing **UI/UX** design principles, ensure that user experiences are seamless by developing code that is clean, accessible, and optimized for performance. Integrate user feedback and frontend best practices to drive continuous improvement.

TECHNICAL SKILLS

Frontend Technologies	Experienced with **HTML/CSS/JS, React/Redux, MUI (Material UI)** for building modern, intuitive & accessible UI components.
Testing & Debugging	Skilled in UI Test Automation using **Nightwatch.js**, **Selenium**, **Jest**, and proficient in debugging complex frontend and backend issues.
API Development	Hands-on experience in designing and coding **REST APIs** using **JSON**, **OpenAPI** specifications, and integrating them with backend services.
Backend Development	Proficient in **Node.js** using **Express** in **API** development in a microservices architecture.
Cloud Technologies	Strong foundational knowledge of networking concepts, cloud computing in **Microsoft Azure**.

CERTIFICATIONS

Microsoft Azure Fundamentals	June 2024
Lighthouse Labs Full Stack Web Development	May 2024
ISTQB Certified Tester – Foundation Level 4.0 (CTFL v4.0)	October 2023
JavaScript / ReactJS / HTML / CSS Essential Training	November 2022

EDUCATION

Diploma in Web Development	Lighthouse Labs, Toronto, Canada.
Masters (M.Tech) in Computer Science	Jawaharlal Nehru Technological University, India.
Bachelors in Computer Science & Information Technology	Osmania University, Hyderabad, India

EXPERIENCE

Web Development Trainee / Intern
Lighthouse Labs, Toronto, Ontario
May 2024 – Dec 2024

- **Version Control and Collaboration:** Utilized **Git** for managing code repositories, collaborating with team members, and maintaining clean codebases.
- **Frontend Development:** Built responsive web applications using **TypeScript**, **JavaScript**, **React**, and **Redux** for dynamic and interactive user interfaces.
- **Backend Development:** Developed and integrated server-side applications using **Express** and **Node.js**, adhering to **RESTful** architecture and best practices.
- **Database Management:** Designed and maintained entity relationships with **PostgreSQL**, ensuring efficient data storage and retrieval.
- **Testing and Quality Assurance:** Implemented automated testing with **Jest**, ensuring robust code quality and reducing regression issues.
- **Containerization and Deployment:** Familiar with **Docker** and **Kubernetes** for containerized application deployments and scalable backend solutions.
- **UI Component Development:** Developed user-friendly interfaces with **MUI (Material UI)** and **AG Grid** to enhance UI consistency and functionality.
- **Code Reviews and Team Collaboration:** Actively participated in code reviews, applied learned concepts to real-time projects, and contributed to team-driven development processes.

Software Engineer
Connect Smart Consulting, Hyderabad, Telangana, India
February 2020 – February 2023

- **Frontend Development and UI Testing:** Developed and tested dynamic, responsive web applications using **TypeScript** and **JavaScript** to deliver seamless user experiences. And testing using Selenium.
- **API Integration:** Integrated and tested RESTful APIs using **OpenAPI** specifications for consistent and maintainable backend communication.
- **Cross-Browser Compatibility:** Ensured compatibility and performance across different browsers and devices through rigorous testing and debugging.
- **Bug Resolution and Collaboration:** Identified, tracked, and resolved complex UI issues in **JIRA**, collaborating closely with Product Managers, designers, and QA engineers.
- **Code Quality and Documentation:** Wrote clean, maintainable, and scalable code while documenting development processes and test cases for seamless team collaboration.
